Azimut Grande S10 (2020)

Ubicado en Nassau, Bahamas.

Over €200k of warranty works have been completed on her by Azimut, fixing build issues which happen on any large new build. We have replaced Anchors, chains, generator parts etc, which were initially found not to be adequate for a 28m yacht. We have installed a 110/240v Converter within the engine room, together with a Glendinning system, so seamless connection to shore power.
